### APPLICATION

- Light to Medium Traffic Area.  
Residential for internal floor and suitable for wall application.
- ▲ Medium to High Traffic Area.  
Commercial and Residential for internal floor and wall application.

## Natural & Abstract

With cohesion and character, Natural & Abstract tells a brand new design story. The beautiful curation gracefully emulates the dynamic kaleidoscope of the world around us as it fuses different designs into one, from the organic sensibilities of nature-inspired effects to the urban vibes of abstract patterns. The result is an unusual visual depth and eclectic expression at home that demonstrate your distinguished interior taste.

## Mix & Match

Once an underrated style attributed only to the bold and adventurous, mix- and-match has recently gained a wider audience. Essentially a clever combination of materials, patterns and colours, it puts personal tastes in the front seat, appealing to the style-conscious trendsetters who refuse to settle for the norm. Taking its cue from the style, Natural & Abstract makes it easy to navigate the process of mixing and matching with confidence.

#### **DISCLAIMER**

The management of NIRO CERAMIC GROUP reserves the right to phase-out, either totally or partially, any of the collections, colours, sizes and references contained in this catalogue.

#### **IMPORTANT INFORMATION**

Colour variations: since the colour reproduction in this printed catalogue will vary from the actual tile colour, your final selection should be made from tile samples.

Colour, shade and glaze variations may exist due to the inherent characteristics of ceramic tiles.
